

ACADEMIC ADVISEMENT

Academic advisement is provided to each enrolled graduate student. Throughout their years at D'Youville University, students will meet with their advisors to review progress in completing requirements necessary for a degree or certification. Students are welcome to contact their advisor any time during the academic semester.

Students wishing to obtain the name of an assigned academic advisor should contact the Chair/Program Director of the academic department or the Office of the Registrar (<https://dyc0.sharepoint.com/sites/SolutionsCenter/SitePages/Registrar.aspx>).

Change of Advisor

Ordinarily, a student will retain the advisor assigned by the graduate Program Director or Chair. An individual wishing to change advisor should contact their Program Director or Chair and request a new advisor. The Program Director or Chair will notify the student about the decision and, if request is approved, will make the appropriate change through the Office of the Registrar (<https://dyc0.sharepoint.com/sites/SolutionsCenter/SitePages/Registrar.aspx>).
